

Visit to Universiti Teknikal Malasia Melaka (UTeM)

TeFFA members visited Malacca Technical University and presented “Concept of Asia Energy Network (AEN)” proposed by TeFFA. More than 10 faculties including Prof. Mohd Rizal, Dean of Faculty of Manufacturing Engineering, were participated in the meeting with TeFFA, and discussed on the possibilities of collaboration especially concerning renewable energy research in Malaysia.

The university was established in 2000, and made Collaboration agreement with a Japanese university; The University of Tokushima in 2014.
